On the first day of lecture series in first session lecture was delivered on important topic "Plant Physiology" by Prof.C.P.Hase from Depat of Botany, Baburaoji Gholap College, Sangavi. In her lecture she discussed various important aspects related to plant physiology with students. She explained how plant physiology is dealing with different plant structures and their functioning. Further she told students regarding the analysing processes in plants with respective photosynthesis, respiration, mineral nutrition, transporation etc.

In second session on same day lecture was organised on "Biodiversity Conservation" by Mr. Rajkumar Pawar from ELA foundation. In his lecture he tries to cover all important points related to Biodiversity conservation. He discussed the importance of biodiversity with the benefits. Further he explained all kinds of life i.e. Variety of animals, plants, fungi with their support in nature as well tries to explain students how each species and organisms work together in ecosystem to maintain the balance and support of life. During the both sessions guest also answer the questions by students. Overall both sessions were best and 100 students participate in guest lecture series.
