WORKSHOP
ON
"ALGAE CULTURE"
(6/08/2022)

The Department of Botany organized a workshop on micro-algae Culture on August 6, 2022, which attracted the participation of 35 students. Lecture were delivered by Dr. Manisha Sangale (Government Institute in Cardiff, UK) and Mr. Krishikesh Khadde (S. M. College, Pune). The workshop aimed to delve into the intricacies of cultivating algae, providing students with hands-on experience and theoretical knowledge. The event covered essential aspects of algae biology, including their ecological significance and potential applications. Practical sessions allowed participants to set up and manage algae cultures, fostering a deeper understanding of the cultivation process. The workshop facilitated an interactive environment where students could engage with the subject matter, ask questions, and gain insights from experts in the field. Overall, the Algae Culture Workshop proved to be a valuable educational experience, contributing to the students' understanding of algae and its relevance in various scientific disciplines.
